| 3 | Vitamin D3 60000 IU                   | 1 sachet in water | Once weekly             | 8 weeks  |
| 4 | Calcium + Magnesium Supplement        | 1 tablet          | Once daily with meals   | 30 days  |

Instructions & Advice

Apply warm compress to lower back 3 times daily for 15-20 minutes. Perform prescribed physiotherapy exercises daily. Avoid lifting anything above 5kg. Do NOT sit for more than 45 minutes at a stretch — use a timer. Sleep on firm mattress, side-lying with pillow between knees. Stop NSAIDs if stomach upset occurs and inform doctor.

Follow-up: After 2 weeks. Book physiotherapy assessment if no improvement in 7 days.
